

West World Area

Problem	Name	Grade	Description
1	-	4c [B0]	Climb the right side of the slab finishing up the crack line.
2	-	5a [B1]	Starts on the steeper left side of the slab continue up the slab on the obvious chip marks.
3	-	5a [B1]	Step from the ledge (boulder) and continue up the wall.
4	-	6b [B6]	Climb the rounded arete on its left side.
5	-	6b [B6]	Climb the wall just left of the rounded arete, making long reaches between positive breaks.
6	West World	6c+7a [B11]	If you think the previous problem required a long reach then leave this one well alone. Make the long reach between the two obvious breaks then lay-one on for the top. 'Interesting' is not the word.
7	Blazing 48's	7a [B11]	Climb the shallow pock holds until you get established in the breaks before making a desperate move for the top.
